

Eatery

The word is out and people are coming to try the freshest lobster roll in the San Francisco Bay Area.

New England Lobster started serving lobster rolls and crab sandwiches on our We're On A Roll food truck in South San Francisco in 2011. After an astounding reception and a loyal following, we decided it was time to open an East Coast Eatery.

From our famous lobster rolls and lobster corn chowder to lobster tacos and crab nachos, we have developed a mixture of traditional and eclectic East Coast Fare.

Market

New England Lobster Market offers a wide variety of fresh and frozen East Coast shellfish, specializing in Maine Lobsters. Whether you're looking for fresh picked lobster meat, whole cooked lobsters, Steamer Clams or even lobster infused olive oil, we've got it!
